Charles – Terri is out sick today and I am handling the Honeywell news release. I'm just following up on Terri's email to you yesterday regarding the status of a possible DOJ news release on this. Thanks for any help you can provide.

Charles,

I understand that DOJ is sending out its own Honeywell release. Is that true? Normally we'd send out a joint release or we'd decide that just one of our agencies (not both) would send out a solo release. Please advise. And by the way, here is the latest version of the EPA release. Thnx. Please call me if you want to discuss. – Terri, 215-814-5523 (desk) 215-514-8878 (cell)
